SKILLS SUMMARY:

Clinical Skills:

Experience providing occupational therapy services to patient populations in a variety of settings, including: neurological, orthopedics, pediatrics, aquatics, general acute, hospital-based rehabilitation unit, school systems, skilled nursing facilities, long-term care, schools, and outpatient clinics.

Administration:

Experience in staffing and supervising approximately 30 therapists and support staff across four disciplines and several programs including pediatrics (NICU, follow-up clinic, IP, OP, community classes), balance, driving, & VitalStim dysphagia management. Responsibilities include program development, marketing, financial management, quality assurance, Joint Commission reviews, care planning, competency

assessments, performance reviews, interviewing, corrective action, family consultation, policy development and ethics program implementation.

Teaching:

Experience in teaching healthcare providers, associate, undergraduate, graduate, and medical students in the fields of healthcare ethics and occupational therapy.

Editorial Work:

“Organizational Ethics: The complexities of occupational therapy practitioner accountability”. Accepted by *OT Practice*, August, 2007.

Book review of “Methods in Medical Ethics”. Journal of Clinical Ethics. Published April, 2003.
