

**Vice President, Clinical Effectiveness**  
**Centegra Health System**  
**Near Chicago**

Centegra Health System, a nationally recognized organization for clinical quality and service, seeks an accomplished physician leader to serve as Vice President, Clinical Effectiveness. The Vice President, Clinical Effectiveness will create, direct and lead all aspects of quality centered care. Responsibilities include setting, maintaining, and achieving clinical quality goals; ensuring all leaders and physicians are engaged in improving clinical outcomes; and implementing programs and initiatives to increase the clinical excellence of associates and medical staff.

The Vice President, Clinical Effectiveness will provide strategic leadership for development and measurement of a system-wide approach to clinical quality improvement and medical safety focusing on evidence-based clinical practices. The Vice President, Clinical Effectiveness will lead through influence, will establish consistency of outcomes, will develop guidelines on how patients move through the system efficiently and will enhance the alignment between medical staff and the health system.

Candidates must be board certified, trained in quality improvement and patient safety, and be eligible for Illinois state licensure. Experience with medical informatics and electronic medical record systems, a track record of transformational leadership and innovation, and the ability to build consensus and work in a team setting is essential.

Centegra Health System has two hospitals, Centegra Hospital-Woodstock (145-beds) and McHenry (166-beds) and is located 50 miles northwest of Chicago. Besides the two hospitals, Centegra offers two immediate care centers, a cancer center and two fitness centers. The System has a Level II Trauma Center and a Level II nursery at each medical center. ID#141112.
